

**REPORT ON THE REALIZATION
OF INDIVIDUAL RESEARCH PLAN**
(for mid-term evaluation)

- 1) Doctoral student's name and surname:
- 2) Album number :
- 3) Year of acceptance to the Doctoral School
- 4) Field and discipline of science:.....

Research subject:

**I. EVALUATION OF DOCTORAL STUDENT'S ACHIEVEMENTS
(KNOWLEDGE AND SKILLS)**

(Describe the activities, initiatives, completed tasks that led to obtaining individual learning outcomes realized within the scope of the US Doctoral School curriculum) ¹

No.	Detailed list	Knowledge	Skills

**II. EVALUATION OF THE REALIZATION OF AN INDIVIDUAL
RESEARCH PLAN**

2.1 Stage of progress of works related to writing a dissertation

¹ evaluate in particular individual ways of acquiring competences that are professionally useful, e.g. improving doctoral student's skills as a researcher, teacher, science propagator, discussion participant, in the field linked to their chosen discipline, etc., in the form of such doctoral student's activities as: participation in trainings, workshops, courses improving various competences, doctoral practical training, etc.

2.2 Planned time limit for the submission of a doctoral thesis for review:(mm/yy)

2.3 Evaluation of research achievements

2.3.1 Publications (*enclose a print-out from BG US Bibliography Base*)

2.3.2 Publication quality (*indicate to what degree a paper/papers constitute progress in a discipline, whether they constitute a development of the doctoral thesis subject?*)

2.3.3 List of scientific conferences, workshops, seminars

No.	Conference title	Organizer	Place	Date	Form of presentation	Presentation title

R - paper, P - poster

2.3.4 Quality/renown of a conference (*describe the significance of a conference for the scientific community and usefulness to dissertation development*)

2.4 Activity in obtaining grants and other sources of research financing

2.5 Other doctoral student's activity (*specify activities performed in the organization or co-organization of various forms of scientific life and specify the activities performed for the benefit of the University, the Doctoral School*)

2.6 Realization of individual research plan schedule

2.7 Evaluation of any risks related to the realization of the individual research plan in the future

2.8 Problems and ways of solving them during the realization of the individual research plan

.....
Date and doctoral student's legible signature

2.9 Thesis supervisor's evaluation regarding the realization of the individual research plan by a doctoral student along with a description of the progress of works related to the dissertation development

.....
Date and thesis supervisor's legible signature

3. A list of annexes (e.g. copies of publications, confirmations/certifications of participation in conferences, papers/posters presentations, confirmation of filing a grant application, etc.).

must be filled out on the form in Polish (attached English form is only for your convenience)
